

Guía de trabajo N° 6

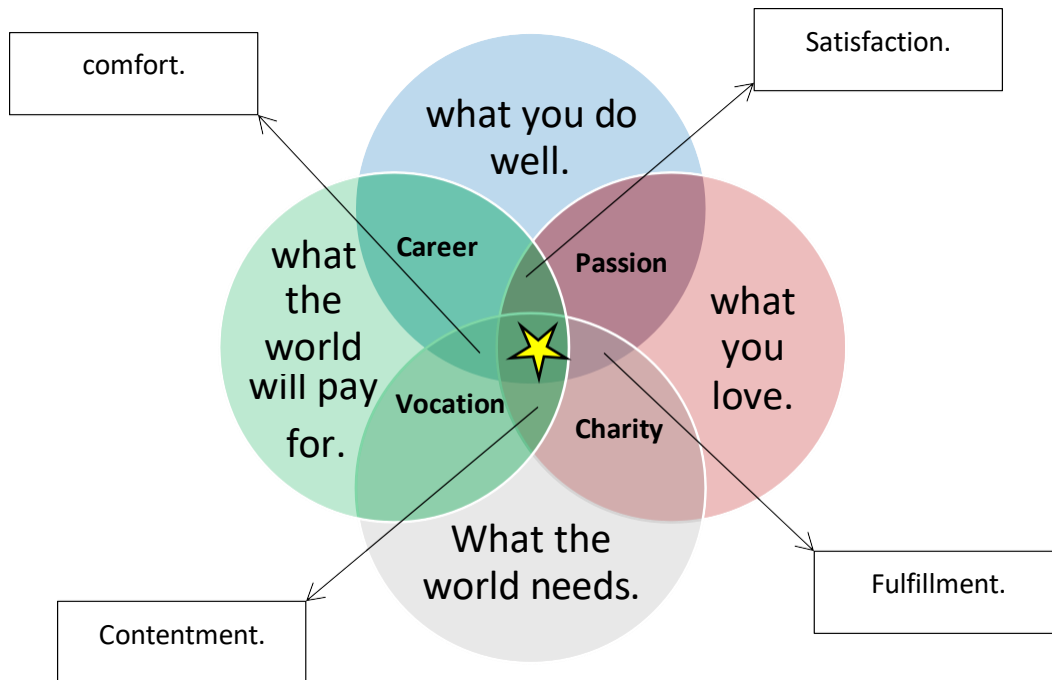

Greetings and salutations my magnificent students!

I sincerely hope that you're doing well, eating properly, and doing the best you can to be well in these dire and trying times.

Today's class is about the results obtained from the previous worksheet so if you couldn't complete it please do so, because that is completely necessary to this one, ones you're ready with that just answer the questions presented in this worksheet.

Finding your purpose 2, ELECTRIC BOOGALOO.

Last week you completed the Venn diagram in its last form, which is the following:

= Purpose.

You fitted the categories shown within the Venn diagram with **professions/ work options** appealing to you, so, today I will ask you to write about each profession and work option more prominent in each category.

Answer the following about the **professions/ occupations** you listed, English and/ or Spanish allowed:

Where do you want to study it/ them?

Where can you work?

What is your motivation to pursue that career?
